SPECIAL COURT SHORT.

On Monday Judge Lynch of Luzerne county came here to hold a special week of court, there being four cases on the list in which Judge Evans had been concerned as counsel, and therefore could not sit at the trials.

The 36 jurors summoned were present, but as all the cases had been settled by the parties, there was no business for the court.

The cases were all damage suits, and if they had been tried, it would probably have consumed the week, and possibly longer.

SNYDER BUYS HOTEL.

Gehrad Snyder of the Exchange Hotel, Bloomsburg, has bought the well-known Henry House of Mrs. Ida Michael, just back of the Lycoming county court house of Williamsport, on private terms. This is considered one of the most profitable hotel stands in Williamsport. Possession will be given as soon as the license has been transferred. Donald O. Snyder, a son of Mr. Snyder, who has recently sold his Eagle Hotel at Pittston will assume the management of the Williamsport hotel.

INJURED BY FALLING TREE.

While engaged cutting down trees along the old canal bank, opposite the Bloomsburg Land Improvement Company, midway between town and Espy, Monday morning, Harry Johnson, of East Seventh street, had the misfortune to have a large limb fall upon his ankle pinning him to the ground. It took his brother Curtis some time to release him, and then he was taken to his home where the injury was dressed by a surgeon.

TRAINED NURSE LAW.

A bill has lately been introduced at Harrisburg for the ostensible purpose of protecting the public, and the alleged need of such 'protection' is urged as a reason for passing such a law. Such a measure will increase the importance of the nurse in her own eyes and tend to raise prices.

There are no reasons for a State law for the registration of nurses that would benefit anyone but the nurses. My own experience has been that nurses assume too much in some instances. It has been necessary for me to label medicines falsely to guard the patient against a nurse, who was determined to give a certain drug. I have been frequently told how to do certain things by nurses, which I foolishly thought I knew how to do, having had some experience in that line, but nurse was fresh from another place and was wise.

I find in my practice that the artisan, even though skilled, has no right to get sick, as he cannot afford it, for should he get \$5 per day there is but \$1.75 left each day to buy food, fuel, light, pay other help (which he must have if he has a trained nurse), and what is left can be used for medicines and the physician.

The Columbia County Medical Society passed resolutions February 12, 1907, and February 9th 1909 against the passage of any such law. We need more nurses sadly in this section, but not dictators.

I do not wish to be understood as against the trained nurse, but I am heartily against the autocrat nurse as we so frequently find her today. She has abused the physician, who was the means of her creation, and she is now about to assume authority over the household, and become supreme dictator.
